## INTRODUCTION

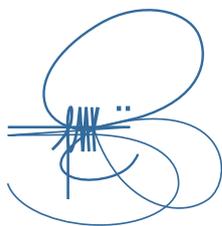

Having formed strong roots in Hong Kong during a successful three year period of foundation, it is my great pleasure to present a strategic plan designed to guide a second phase of growth over the course of the next decade: towards 2031.

Coming as a result of extensive consultation, Together We Flourish draws upon rich heritage, a defining ambition unique to Shrewsbury schools and the voices of our own proud community. It will act to guide, inform and inspire operational planning and the work undertaken by the school team each day.

Strategic content also works in service of overarching Mission and Values statements and acts in direct support of Shrewsbury International Asia, with whom we share a commitment to exceptional standards.

We have grand aspiration: to build on our accomplishments, enhance our reputation and drive positively forward, embracing every arising opportunity.

## OUR JOURNEY

Shrewsbury School was founded in 1552 by Royal Charter and recognised as one of seven 'great schools' in 1868. Positioned on the spacious Kingsland estate since 1882, it has developed a reputation for dynamism and community centred education over a period of almost 500 years.

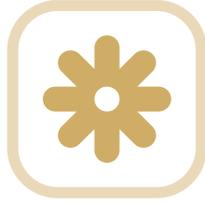

Shrewsbury International School Bangkok was founded in 2003 and is located on the banks of the Chao Phraya River. It has an outstanding academic record underpinned by a lasting commitment to care and compassion.

Shrewsbury International School Hong Kong was allocated a greenfield site by the Education Bureau in 2014, appointed its Founding Principal in 2017 and opened in 2018, alongside a second campus in Bangkok. In 2020 it received commendation from both the Council of International Schools and the Federation of British International Schools in Asia.

Together We Flourish was published in 2021 to guide Shrewsbury International School Hong Kong beyond foundation and towards 2031.
